

We thank you for your time spent taking this survey.
Your response has been recorded.

Below is a summary of your
responses

[Download PDF](#)

Q1. This is the Ethics Check for the Human Factor Usability Study. It consists of a very short screening questionnaire. Take a note of the reference number after successful completion; you will need this for your Methods Assignment.

Q2. Are all of your participants aged 18 or over?

☒ **Yes**

☐ No

Q3. Will you keep all the data that you collect confidential? This means that only you can access them, and you won't share your data with classmates.

☒ **Yes**

☐ No

Q4. Is there anything in your study that could cause your participants significant distress (i.e., make them very upset or sad)? Being frustrated at a bad user interface does not count as significant distress.

☐ Yes

☒ **No**

Q5. Is there any risk that your participants could come to physical harm? This includes cuts, burns, stumbling, falling, and any sort of injury.

☐ Yes

☒ **No**

Q6. Will you collect any information that will identify your participants, such as name, date of birth, student ID?

☐ Yes

☒ **No**

Q7. Will you give your participants a participant information sheet where you describe what you are asking them to do?

☒ **Yes**

☐ No

Q8. Will your participants sign a consent form that states that they have read the participant information sheet, that they have had the opportunity to ask questions, and that they agree to take part in the study?

☒ **Yes**

☐ No

Q9. You have successfully passed your Ethics Check. Please enter your Exam Number. Your Ethics reference is THF2020/198346.

You **MUST** write this reference number down in a safe place now.

We recommend to take a screenshot or to take a photo of the screen with the number clearly visible.

My Exam No. is B159313

Q10. Thank you for completing the survey! Please use this field for any further notes and information.

Assignment 2 ethic check

Q12. Send the results of the questionnaire to the following email address:
