However – international students studying full time on undergraduate and postgraduate taught programmes lasting more than one year will have their fee level fixed for the duration of their studies.

The estimated annual fee quoted is the total tuition fee amount that will be payable by either yourself or your sponsor in year 1 of study, prior to the deduction of any deposit you have paid or any discount for which you may be eligible. It does not include additional programme costs or any initial registration fee. If applicable, these are quoted separately above. Please note that students who have been nominated by their home university to apply to the University of Edinburgh as part of a reciprocal exchange programme (eg Erasmus) will not be liable for fee payment, although a fee amount may be shown above.

All amounts are quoted in pounds sterling.
