Immigration Details

The University of Edinburgh has a legal obligation to make sure that all students have suitable immigration permission to study in the United Kingdom.

As a non-EU/EAA national, to complete your registration, we need you to:

- provide copies online of both the personal details page of your passport, and of your visa. You can do this by going to MyEd (https://www.myed.ed.ac.uk), clicking on 'Student Details', clicking on 'Launch Student Self Service' and choosing the 'Immigration Details' tab
- bring your passport and visa in person to the Student Information Point in Old College, South Bridge, for staff to check and approve.

You are able to upload the personal details page of your passport now, but you should only upload a copy of your visa **after** you have arrived in the UK and it has been stamped by a Border Force official at the UK border.

Opening times for the Student Information Point, and a map to the building, can be found on the university website (http://www.ed.ac.uk/student-info-points)

If you have any further questions about this process, please contact the Immigration Compliance team.
